Getting Started

Authenticator must be set up before installing Teams for mobile

Teams
Step 1

Scan the QR code or search the App Store for 'Microsoft Teams', download and open it

Thrive

Adventist HealthCare

Teams
Step 2

Get started with your work, school, or personal Microsoft account

username@sah.org.au

Sign in

Get help with signing in
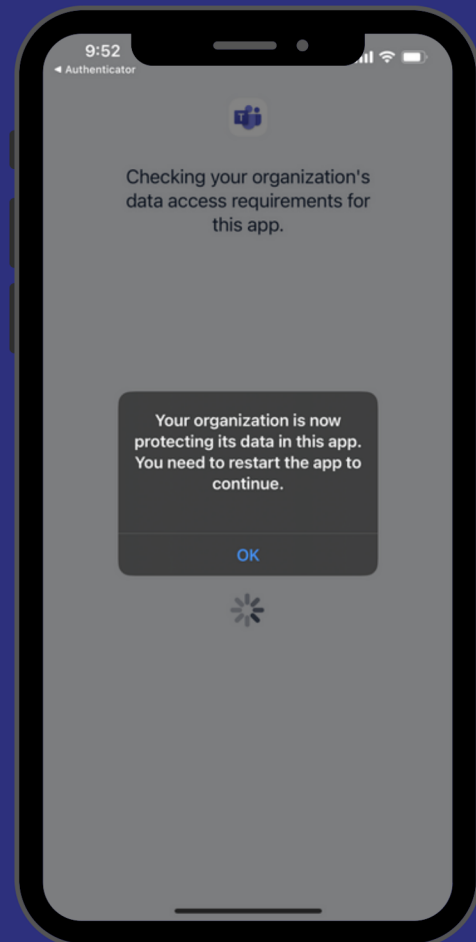

Sign in using your SAH username followed by '@sah.org.au'

(Or select it from the list if it appears there. Don't use your email address)

Step 3

Wait while Teams applies data protection to the app

It will prompt you to re-start the app once complete

Re-open Teams after it closes itself

9:52
◂ Authenticator

Checking your organization's data access requirements for this app.

Your organization is now protecting its data in this app. You need to restart the app to continue.

OK

Teams
Step 4

Allow notifications from Teams, then tap through the app's intro page to get started.

You now have access to Teams on your mobile phone!

Tap the circular icon in the top-left containing your initials or profile picture to adjust notifications and app settings

Use the navigation bar at the bottom to get to your Teams, Chats & Pulse
